

Gulf of execution:

Goal: get an item from the vending machine

How I used the vending machine to reach my goal:

1. Slide a card
2. Push the number of the item
3. Click 'OK' button
4. Slide a card again
5. Watch the item fall
6. Grab the item

Gulf of evaluation:

How my actions changed the state of the vending machine:

1. It wanted me to input the item number
2. It wanted me to slide a card for purchase
3. It wanted me to confirm my purchase by clicking 'OK'
4. It rolled and dropped the desired item.
5. Item is now available for me to pick up
